

The Hiking Challenge

The NLCC is issuing a challenge to all the hikers in the greater Kearsarge area. The NLCC maintains 26 miles of trails of varying lengths and difficulty within the 30+ miles of trails in New London. Details can be found on our website (www.nl-nhcc.com) or on the NLCC town trail map available at the New London Town Office, the Tracy Memorial Library, Morgan Hill Bookstore, the Information Booth and Village Sports.

To receive a patch, one must hike all the trails in our trail walk list, complete the entire list and return it to the New London Town Office. The forms are available on the NLCC website or can be picked up at the local stores listed above. Patches will be awarded at the May and October meetings of the NLCC.
